1 The Tempelhof-Schöneberg district office is requested to have OFFICIAL  
2 REPRESENTATION OF DIVERSE BACKGROUND (NON EU - FOREIGN PROFESSIONALS & STUDENTS)  
3 in party as active members and representatives to indulge more diverse people in  
4 party, why we need this :

5 - Prioritize Inclusivity: A commitment to inclusivity, where the district office  
6 recognizes and values the contributions and needs of all members, irrespective  
7 of their origin or linguistic background. This approach will ensure that our  
8 community is welcoming and accessible to a diverse range of individuals.

9 - Reflect the Changing Population: As our society becomes increasingly diverse,  
10 the district office should evolve to reflect this diversity. By embracing non-  
11 locals and non-native speakers, the office aligns itself with the changing  
12 demographics of our community, ensuring that no group is left underrepresented.

13 - Embrace Broader Expertise: Professionals and students from abroad bring with  
14 them a wealth of unique skills, experiences, and expertise. It is crucial to  
15 leverage their insights and knowledge to craft policies and make decisions that  
16 benefit our community as a whole.

17 - Adopt a Global Perspective: Recognize the globalized nature of our world and  
18 the importance of international relations, trade, and global issues. Non-locals  
19 often bring a global perspective, and their input is invaluable for our  
20 community's growth and development.

21 - Attract a Diverse Voter Base: A commitment to diversity often attracts a  
22 broader range of voters. By being inclusive, we make the district office more  
23 appealing to those who might feel underrepresented by less diverse  
24 organizations.

25 - Encourage Participation: Inclusivity encourages greater participation. When  
26 individuals from diverse backgrounds see themselves represented in our district  
27 office, it inspires them to become actively involved in community matters,  
28 whether as contributors, advocates, or voters.

29 - Foster Inclusive Policy and Decision-Making: A diverse district office is more  
30 likely to develop policies that consider a variety of perspectives, leading to  
31 comprehensive and balanced decision-making for the benefit of all residents.

32 - Promote Integration: The inclusion of non-local and non-native speakers can  
33 promote integration and understanding between different groups in our community.  
34 It sends a powerful message of acceptance and support to those who have chosen  
35 to live, work, or study in our district.

- 36 - Adapt to Change: In a world of rapid change, it's essential for the district  
37 office to be adaptable. Diverse representation allows us to better understand  
38 and respond to the evolving needs of our constituents.
- 39 - Engage with Global Issues: In an era of globalization, our district must  
40 engage with international matters. Non-locals and non-native speakers can play a  
41 pivotal role in helping the district navigate complex global challenges.
- 42 By implementing these principles, the Tempelhof-Schöneberg district office can  
43 create a more inclusive, representative, and responsive community that benefits  
44 all its members. Please feel free to get in touch for a deep dive and better  
45 understanding of this idea. We need to have more and more students and  
46 professionals in party to understand there challenges and gain a vote base by  
47 solving the issues.
